Please note that the bolded information in Column Four is for your supervision.
 Bolded and underlined information is for Chalk and Wire.
 Italicized information is class assignments by Email.

Also note the conference dates. I will be unavailable for observations at that time.
 Otherwise, observation times can be scheduled on Wednesdays, Thursdays, and Fridays
 as available. I'm in class from 11-12 on Wed. and Fri. Once a month I have College
 Council meetings on Thursdays from 12-1, and every two weeks on Thursdays, we have
 a Seed meeting from 10-12.

February and April are also busy months. We have admission interviews in February
 (remember yours?) and exit interviews for you all in April. It gets really crazy, so let's
 try to be on top of the observations and don't wait. Let's get the formal Pathwise done in
 February and the informal (third) observation in March.
